

## Work Experience

### *Co-founder & Director | Ricebox Studio*

Apr 2020 - present

Design studio using creative tech and visual communication for social good. Received the UAL Creative Enterprise Award 2020 in the Communities sector. Client work involves projects such as social media campaigns and tech for activism workshops. Designing presentations, social media posts and instructional guide.

### *Lead Graphic Designer | Maternal Aid Association (Maa)*

Oct 2019 - present

Work closely with the fundraising and campaign team to design professional posters for Maa. Work creatively in advancing the impact Maa has i.e. designing leaflets, promotional media, posters, pitch presentations and research documents etc.

### *Technical Support | SHiFT*

Sept 2020

Diagnosing hardware and software faults and solving technical and applications problems, over the phone. Designing presentations in PowerPoint and other presentation media.

### *Design Fellow | Child Rights International Network (CRIN): Rights Studio*

Oct 2019 - June 2020

Developed skills in research-driven design and narrative design through co-authoring a book to tackle period poverty and stigma. Built Period Cloud, an Arduino printing machine providing factual information on menstruation, which we publicly showcased at Tate Exchange 2020. Featured in a podcast and event about menstruation hosted by Irise International.

### *Technical Support, Broadcast Curation & Management | Modual*

Aug 2019 - July 2020

Monitoring and maintain the computer systems and networks. Installing and configuring computer systems, diagnosing hardware and software faults and solving technical and applications problems, either over the phone or in person. Involved in live streaming the event and creating the graphic cards.
